

Restaurant KAISERHOF

A warm welcome

Dear guests,

We are very pleased to welcome and make you a good time in our restaurant.

It is a great concern of ours to convince our guests with fresh and high-quality products every day.

The majority of our products come directly from the Gastein Valley or from the Pongau district.

With the values of regionality, authenticity, seasonality and security of origin, the initiative aims to strengthen Austria's rural regions and their typical culinary specialities.

Our meat has so-called 4A quality, which means born, raised, slaughtered and processed in Austria.

The brand GENUSS REGION ÖSTERREICH stands for clearly labelled origin and traditional processing. Products from the Genuss Region guarantee enjoyment with a clear conscience: Assured origin, controlled processing and short, environmentally friendly transport - so consumers are on the safe side.

We wish you a healthy and good appetite!

Your Hapimag Team
